

## DISPLAY DESCRIPTION

**i** To enter the PIN code, use the four keys as following figures.

## TO OBTAIN PRINT OUT

- Press the BLUE Key ( ) several times to select the print needed:
  - DELIVERY TICKET: "CURRENT VALUE"
  - JOURNEY TICKET: "NUMERICAL TICKET" or "GRAPHICAL TICKET"
  - HISTORICAL TICKET

**i** Printing starts 4 seconds after having selected the print needed.

**i** To cancel the print, press the RED KEY ( ) before the 4 second delay.

**!** The printing of temperatures data depends of the print parameter set in the print menu.

**!** Please, tear paper only when printing has stopped to avoid damage to the printer mechanism.

## TO REPLACE PAPER ROLL

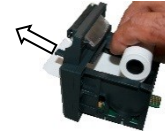

If a coloured line appears on the last meter of paper, the paper roll needs to be replaced as follows:

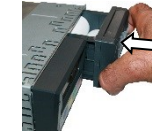

1. Pull on the window of the printer module to open the printer front

2. Pull the printer module carefully forwards.

3. Insert a new paper roll and push on the printer front to close it

4. Place the printer module carefully back into the recorder.
